## Extensive coverage from common illnesses to life-threatening pandemic diseases

---

Global Health Access provides comprehensive coverage for yourself and your family against a wide spectrum of conditions, from common diseases to epidemic or pandemic illnesses.

## Option to choose your own doctor

---

Global Health Access places AXA's worldwide network of top-rated hospitals, medical practitioners, and emergency responders at your service. But you do not have to be limited to AXA's network of doctors! Should you feel more comfortable seeing your own specialist, you have the option to consult with them even if they are outside our network.

## 24/7 health support

---

Global Health Access provides you with round-the-clock support from anywhere in the world through AXA's own team of nurses, pharmacists, counselors, and midwives. Our professional healthcare practitioners are ready to share reliable information on illnesses and conditions, from signs, symptoms, first aid, up to remedy through our 24/7 medical hotline.

Note: This is purely a health information service. We will not be liable for any damage or loss that you may suffer or incur as a result of your usage of the service.

## Cashless transactions

---

Undergoing treatment for an illness requires your full focus. While you concentrate on getting better and improving your overall health, we'll take care of your eligible medical expenses by paying your medical provider directly. You may do cashless transactions within our wide network of medical providers abroad and in the Philippines (through our partnership with **Avega Managed Care, Inc.**)

## Global Concierge

---

As a high-value client, you deserve to enjoy the full benefits of our personalized service. We have a concierge on standby across major cities around the world to provide you with your preferred level of assistance on services such as flight and travel arrangements for your scheduled treatments, transfers to and from the hospital, or even dining reservations.
